BRING NEW QUALITY TO YOUR COMMUNICATIONS

Telephone terminals from Panasonic
HANDSETS THAT DELIVER THE WORLD-CLASS COMMUNICATIONS YOU DEMAND

- Exceptional audio quality and proven reliability
- Intuitive, stylish, user-friendly design
- A range to cover the specific requirements of your business
- Choose from IP, digital or DECT terminals
- Cross-sector capability

Choosing the correct telephone terminal for your business is an important decision. Your terminals become an essential tool for improving the efficiency of your business and the quality of service you offer your customers.

With a proven reputation for quality audio and intelligent design, Panasonic can help you choose telephone terminals that match your specific needs exactly, as we offer handsets that cover the full spectrum of business requirements.

Whatever your industry – it might be hospitality, healthcare, education, local government, sales or any other – and whether you decide to opt for IP, digital or our cordless handsets, you’ll find that every model we offer is intuitive, user-friendly and fully featured for business use.

WHICH TERMINAL IS RIGHT FOR YOUR BUSINESS?

KX-TCA85 SERIES
True mobility, wherever business takes you. That’s what our innovative Digital Enhanced Cordless Telecommunications (DECT) range of handsets places right in your hands. Compact, lightweight and durable, all our DECT products have been specifically designed to enhance coverage, increase availability and drive productivity.

KX-NT500 SERIES
If you want to eliminate the need for repeated conversations and avoid misheard calls, the KX-NT500 series of IP telephones is the ideal business solution. It gives you best-in-class audio quality on every phone in the range, with wideband HD audio, enhanced echo cancellation and an expanded acoustic chamber.
KX-NT550 SERIES
Consisting of standard phones and an executive terminal, the KX-NT550 series of IP telephones delivers exceptional professional performance. These terminals are also designed to grow with your business, with a gigabit LAN/PC port allowing your communications to adapt to your changing demands.

KX-DT500 SERIES
Comprehensive features, intuitive technology and a user-friendly interface all come together in our innovative range of digital handsets – ensuring a superior level of desktop usability and comfort.
While many phone handsets are easily damaged by knocks and bumps in working environments, the range-topping KX-TCA385 DECT handset is ready for anything. Protection and dust and splashes, and resistant to shock, it can perform even in the harshest environments.

To ensure efficient, comfortable and clear communication, the handsets in the KX-TCA85 Series are equipped with a noise reduction function, which can be enabled at the press of a button. This function reduces surrounding noise and makes the speaker’s voice far easier to hear and understand.

Additionally, the handsets automatically adjust the receiver volume to an easy-to-hear level if it detects noise when moving from a quiet place to a noisy place, providing comfortable voice calls without stress.

Because work in factories, the healthcare and retail industries often requires both hands to be used, it can be difficult to communicate while holding a phone. The KX-TCA385 and KX-TCA285 support Bluetooth®, which enables you to communicate using a cable-free headset while working, leading to improved work efficiency.
KX-TCA185
Professional DECT handset for efficient performance
• 1.8” colour LCD
• Noise reduction
• DECT paging
• Vibration

KX-TCA285
Slim and light DECT handset for highly active environments
• 1.8” colour LCD
• Noise reduction
• DECT paging
• Vibration
• Built-in Bluetooth®

KX-TCA385
Tough and durable DECT handset for every environment
• 1.8” colour LCD
• IP65 compliant dust protection and splash resistance
• Noise reduction
• DECT paging
• Vibration
• Built-in Bluetooth®
The KX-NT5 Series IP telephones take you to a new dimension in audio experience through excellent HD quality audio on every phone, combined with easy access to powerful supportive features and applications. The sleek, ultra-modern design, available in both black or white colour options, works well with any office decor.

Packed with a whole host of features, the KX-NT5 Series IP telephones could not be simpler to use. The phones have large alphanumeric displays, Bluetooth® module built in providing wireless headset support, easy navigation key and a second IP port to reduce desktop cable clutter.

**High Definition ‘HD’ Audio**
The KX-NT5 Series of IP terminals offers ‘best in class’ audio quality, meaning fewer repeated conversations and misheard calls. Offering Wideband High Definition Audio as standard across the range, the KX-NT5 Series offer G.722, G.711, G.726 and G.729a Codecs.

**LCD Displays**
Large, clear LCD displays with intuitive user interface offer fast access to phonebooks and features.

**Electric Hook Switch**
A built-in Electronic Hook Switch (Plantronics compliant) port allows the KX-NT5 Series IP Terminals to have access to the Plantronics range of DECT enabled headsets. This offers a range of portability and comfort as frequent users are able to move around freely, without being tied down by handsets. The KX-NT560 also supports Bluetooth® headsets.

The KX-NT550 Series IP telephones offer a gigabit LAN/PC port, meeting the increasing requirements of office IP networks and, on some models, a self-labelling feature which makes the initial setting and remote maintenance easier. It also supports DSS connectivity for operator-type users.
KX-NT560
Executive IP Phone
- 4.4” LCD display with backlighting
- Plantronics wireless headset (EHS)-compatible
- 32 (8x4) freely programmable function keys
- 2 Ethernet ports (1000 Base-T)
- Power-over-Ethernet (PoE)
- Integrated Bluetooth®
- Eco Mode
- Available in black or white

KX-NT556/KX-NT553
Executive IP Phone
- 6-line LCD display with backlighting (KX-NT556)
- 3-line LCD display with backlighting (KX-NT553)
- 36 (12x3)/24 (12x2) freely programmable function keys
- 2 Ethernet ports (1000 Base-T)
- Power-over-Ethernet (PoE)
- Plantronics and GN Netcom Jabra wireless headset (EHS)-compatible
- Eco mode
- Optional Wall Mount Kit
- Optional KX-NT505 console
- Available in black or white

KX-NT546/KX-NT543
Standard IP Phone
- 6-line display with backlighting (KX-NT546)
- 3-line display with backlighting (KX-NT543)
- Plantronics wireless headset (EHS)-compatible
- 24 freely programmable function keys
- 2 Ethernet ports (1000 Base-T)
- Power-over-Ethernet (PoE)
- Eco Mode
- Available in black or white

KX-NT551
Standard IP Phone
- 1-line backlit LCD display
- 8 flexible CO buttons
- 2 Ethernet ports (1000 Base-T)
- Power-over-Ethernet (PoE)
- Eco mode
- Optional Wall Mount Kit
- Available in black or white

KX-NT505
48-button console
- 48 DSS buttons, to be used in full flexibility e.g.:
  - Direct station selection
  - Pre-programmable one-touch number dialing
  - Frequently used features
  - Busy station signaling
- Direct connected to the KX-NT556/KX-NT553
- Maximum of 4 DSS consoles per phone can be connected
- Wall mountable
- Available in black or white
Combining pure business performance with attractive, ergonomic design, Panasonic’s KX-DT500 Series of digital proprietary telephones represents a wide line-up of terminals built for every commercial setting.

Sharing the audio excellence of our IP phones, the KX-DT500 Series also offer outstanding voice quality on every phone, supporting by a host of valuable features and applications. Equally, the phones couldn’t be easier to use, with large alphanumeric displays, programmable keys, EHS ports providing wireless headset support and an easy navigation key.

**Electric Hook Switch (EHS)**
A built-in Electronic Hook Switch (Plantronics compliant) port allows the KX-DT500 Series IP Terminals to have access to the Plantronics range of DECT enabled headsets. This offers a range of portability and comfort as frequent users are able to move around freely, without being tied down by handsets.

**LCD Display**
Large, clear LCD display with intuitive user interface offer fast access to phonebooks and features.
KX-DT546
Premium digital proprietary telephone

- 6-line graphical LCD with backlighting
- 24 freely programmable function keys
- Plantronics and GN Netcom Jabra wireless headset (EHS)-compatible
- Speaker phone, handset and headset with full duplex
- Available in black or white

KX-DT543
Executive digital proprietary telephone

- 3-line graphical LCD with backlighting
- 24 freely programmable function keys
- Plantronics and GN Netcom Jabra wireless headset (EHS)-compatible
- Speaker phone, handset and headset with full duplex
- Available in black or white

KX-DT521
Standard digital proprietary telephone

- 1-line Graphical LCD with backlighting
- 8 freely programmable function keys
- 2.5-mm headset port
- Speaker phone, handset and headset with full duplex
- Available in black or white

KX-DT590
48-button digital console

- 48 buttons, to be used in full flexibility, e.g.:
  - Direct station selection
  - Pre-programmable one-touch number dialing
  - Frequently used features
  - Busy station signalling
- Wall mountable
- Available in black and white

The KX-DT590 system console offers 48 freely programmable function keys with green/red LEDs that show the respective statuses of the terminals. It can be connected via a digital extension port, suitable for desk and wall mounting, and can be used in connection with the KX-DT546 and KX-DT543 digital terminals.
