BROTHER MOBILE PRINT SOLUTIONS

A complete range of portable printing products ideally suited to today's increasingly mobile workforce.

Today's field workforce is becoming increasingly mobile and has greater expectations in terms of mobile technologies.

To enhance Panasonic's end-to-end mobility packages we have partnered with Brother International Europe to provide the ultimate range of mobile printing solutions, fully tested and approved for use with Panasonic products.

Ranging from small and lightweight, pocket-sized units to water-proof, dust-proof, rugged devices, all with Bluetooth and Wi-Fi compatibility, Brother offers a high quality print solution for any mobile application. And you can be safe in the knowledge that your device and print solution are fully compatible and reliable in your field environment.

PROSERVICES

PJ-600 Series

Perfectly sized for your briefcase or computer bag, PJ-600 series A4 mobile printers can also be easily mounted in your vehicle, to ensure customers receive those all-important documents in an instant. The PJ600 is ideal for use on board fire appliances to print critical information for fire fighters like heat maps and schematics, and ambulances can also use PJ600 to print patient hand-over notes. Available in 200 or 300 dpi print resolution, with USB, Bluetooth or Wi-Fi.

MW Series

The extremely small and lightweight MW series are easy-to-operate portable printing solutions for printing A6 and A7 documents. They have a unique automatic cut-sheet paper cassette system meaning there is no paper curl. The MW series works with a range of cut sheet media, including 2-ply carbon copy paper, ideal for receipt and ticket printing. USB and Bluetooth connectivity as standard.

RJ-3000 and 4000 Series

The rechargeable RJ-3000 and RJ-4000 series are extra tough, super-fast printing solutions with IP54 certification. They are designed to print to 2-4" media for applications such as price mark-down and shelf edge labelling; customer invoices; on-the-spot notices or fines; shipping labels or statements of work. Available with USB, serial, Bluetooth or Wi-Fi.

TD-2000 Series

With a range of specialised features and print resolution up to 300dpi, the TD-2000 2.2" labelling and receipt print solution is the perfect labeller for warehousing, logistics, healthcare, manufacturing and retail – anywhere you need to print high-quality receipts or labels at your desk or on the move. With its spindle-less design it can accommodate 5" diameter rolls meaning less frequent changeovers. Bluetooth and Wi-Fi modules optional.
