

TOUGH IN EVERY ENVIRONMENT...
BUT NOT ON YOUR BUDGET.

Cutting-edge technology just got more affordable.

Want the latest rugged technology,
entirely personalised to your business?
With no large upfront costs?

You may be interested in our brand-new
TOUGHBOOK-as-a-Service offering.

Why choose TOUGHBOOK-as-a-Service?

TOUGHBOOK-as-a-Service provides subscription
options for the latest rugged TOUGHBOOK
products and services to suit any budget.

Let's explore in a little more detail.

A SUBSCRIPTION SOLUTION LIKE NO OTHER

You benefit from a solution tailored to your business but with the advantage of paying a low, fixed monthly amount over a 3, 4, 5 or 6-year period. Your budget goes further so you can allocate it to other resources.

Should you want to own your assets at the end of your contract, we can accommodate that too.

GET THE FULL WORKS

TOUGHBOOK-as-a-Service doesn't just apply to our rugged devices. Other items and services can easily be included in your package too:

- Warranties
- Accessories
- Vehicle mounts and docking stations
- Specialist software
- Customisation options
- Professional services

UNINTERRUPTED EFFICIENCY

No more outdated tech means no more unexpected maintenance and downtime costs. Not to mention increased day-to-day operational savings.

Upgrade your tech more regularly to always have the best equipment and stay ahead of the competition.

FUSS-FREE FLEXIBILITY

Every TOUGHBOOK-as-a-Service contract can be tailored to your requirements in a number of ways:

- Contract term
- Solution package
- Payment intervals
- Airtime
- MDM and data analytics

AFFORDABLE

Thanks to TOUGHBOOK-as-a-Service, your workforce will be equipped with the latest (and best) rugged devices, software and services. All for low monthly costs.

Subscription-based TOUGHBOOK-as-a-Service means you benefit from an OPEX-based model. So it's better for your balance sheet.

HASSLE-FREE END-OF-LIFE SERVICE

Your TOUGHBOOK-as-a-Service package also includes:

- Device delivery
- Collection
- Secure data wiping (in line with GDPR and WEE directives)
- Recycling

The above also applies to the midway refresh point of our 6-year subscription.

And now, it's twice as tough

6-year subscription + midway device refresh

Our new 6-year model gives you all the benefits TaaS offers... for longer. Plus, an equipment upgrade halfway through your contract. So you won't miss out on the latest tech.

- Built-in tech refresh at 3 years
- Adjust your refresh window (between 30-42 months) to suit your business requirements
- Roll out your new devices in one 'big bang' or over a staged period

- Choose to keep your initial devices for reduced rental instalments
- All TaaS warranties, services and benefits still apply

A more sustainable solution

TOUGHBOOK-as-a-Service also helps to support the circular economy.
