

# 5MP Vandal Resistant Indoor Dome Network Camera

WV-S2252L

5-megapixel Vandal Resistant Indoor Dome Network Camera

## KEY FEATURES

- 5-megapixel images up to 30fps
- intelligent Auto
- Color night vision (0.0044 to 0.07 lx)
- i-VMD License Bundled
- FIPS140-2 CAVP compliant

Designed to equip security professionals with the best possible CCTV footage for evidence, the WV-S2252L captures high-quality 5MP images even in very challenging, dynamic and exposed environments that require reliable hardware.

The i-PRO 5MP camera allows for clear visibility of license plates and faces within the surveillance zone and enables clear colour images in low light conditions even at night time (0.0044 to 0.07 lx). The iA-Intelligent Auto feature monitors scene dynamics and motion to adjust key camera settings automatically in real-time, reducing distortion such as motion blur on moving objects.

The camera comes bundled with improved [i-VMD](#) (intelligent Video Motion Detection) and scene change detection featuring intelligent functionality for automatically notifying the administrator about changes to situations.

Like all the Panasonic i-PRO CCTV cameras, the WV-S2252L comes with the Easy Kitting feature saving you valuable time and space when connecting the network cable to the camera body simply by opening a part of the package.

In order to save bandwidth at 50%<sup>\*</sup> lower than existing cameras and maintain image quality, the improved [Smart Coding](#) technology optimises video compression through captured scenes.

Out of the box, the camera supports [full data encryption](#) streaming and is compliant to FIPS 140-2 Level 1 standards to keep your video secured.

This camera is perfectly suitable for applications like airport (passport control, security checkpoints and ticket counters), banking, education, healthcare, retail and many more.
